PROFESSIONAL SUMMARY

Recent B.Tech Computer Science graduate (CGPA: 7.97/10) skilled in Python, SQL, Power BI, and Excel for data cleaning, EDA, and dashboard development. Certified in Google Analytics and Microsoft Power BI, with project experience analyzing 100,000+ record datasets to generate business insights. Seeking an entry-level Data Analyst or Business Analyst role.

TECHNICAL SKILLS

Programming Languages: Python (pandas, NumPy), SQL

Data Visualization & BI Tools: Power BI, Microsoft Excel

Data Analysis: Data Cleaning, Exploratory Data Analysis (EDA), Data Transformation, Business Analytics

Tools & Platforms: Jupyter Notebook, VS Code, Google Analytics

Web Technologies: HTML, CSS, JavaScript

Core Competencies: Dashboard Development, Data-Driven Decision Making, Business Insight Generation

CERTIFICATIONS

- Google Analytics Certification — Google | Issued November 2025 (Valid through November 2026)
- Get Started Building with Power BI — Microsoft Learn | February 2025
- 1-Month Internship Certification in Python Programming — VaultofCodes.in | October 2025

DATA ANALYTICS PROJECTS

Superstore Sales Analysis

- Analyzed 10,000+ sales records using Python and Power BI; identified Technology category as top contributor (~40% of total profit)
- Built an interactive dashboard to deliver actionable business insights to stakeholders

NYC Taxi Data Dashboard

- Processed 100,000+ rows of taxi trip data; identified peak demand hours (5 PM - 8 PM) to support operational planning
- Discovered a ~20% increase in weekend ride volume compared to weekdays

HR Attrition Analysis

- Conducted EDA on employee data to calculate an attrition rate of ~16%, identifying low salary and limited experience as key drivers
- Presented data-driven findings to support employee retention strategy recommendations

INTERNSHIP EXPERIENCE

Data Analytics Virtual Internship

Tata Group (via Forage)

- Worked with real-world business datasets to perform data analysis, build dashboards, and generate business recommendations

Python Programming Internship

October 2025

VaultofCodes.in

- Completed a 1-month hands-on internship in Python programming, building foundational skills supporting data analysis project work

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering

2022 - 2026

Swarna Bharati Institute of Science and Technology, Khammam

CGPA: 7.97 / 10

Intermediate (12th Grade)

Sri Chaitanya Junior College, Khammam

Marks: 849 / 1000

Secondary School Certificate (SSC, 10th Grade)

Oxford High School, Khammam

GPA: 10 / 10

KEY ACHIEVEMENTS

- Built 3+ real-world data analytics projects using Python, SQL, and Power BI
- Analyzed datasets exceeding 100,000 rows to generate measurable business insights
- Earned analytics and BI certifications from Google and Microsoft

Soft Skills: Analytical Thinking, Problem Solving, Communication, Fast Learner, Attention to Detail
